The diagram illustrates the SA8000 standard, which focuses on social responsibility. It features a central light blue circle surrounded by six dark blue circular icons, each representing a key area of focus:

- Human Rights:** An icon showing three stylized human figures.
- Labor Practices:** An icon showing a person at a desk with a computer monitor.
- Environment:** An icon showing two stylized trees.
- Community:** An icon showing two stylized human figures shaking hands.
- Anti-Corruption:** An icon showing a globe with a grid pattern.
- Product Safety:** An icon showing a lightbulb with a gear inside.

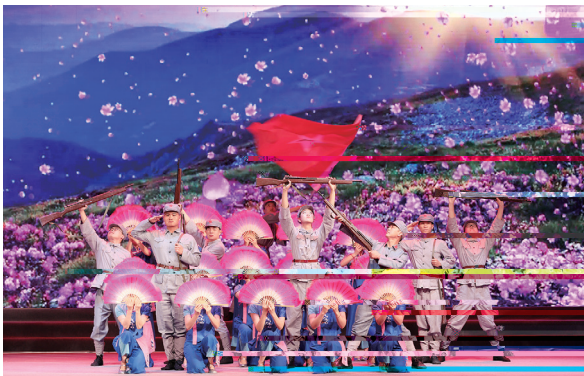

Below the central circle, the text "SA8000" is displayed.

The diagram illustrates the GPS system architecture, divided into two main segments: the Ground Control Segment and the User Segment.

- Ground Control Segment:** This segment is represented by a light blue rectangular area at the top. It contains a central box labeled "GPS" with the text "(Global Positioning System)" below it. To the left of this box is the label "System".
- User Segment:** This segment is represented by a light blue rectangular area at the bottom. It contains five small black dots, each representing a GPS receiver. To the left of these dots is the label "User".

Horizontal dashed lines separate the "System" and "User" labels from their respective segments, and another dashed line separates the "Ground Control Segment" from the "User Segment".
